Dear Parents/Guardians

RE: Arbor Parent Application

At Ruislip High School we use an application called Arbor, designed to streamline the way student information is collated and reported. In addition to its use in the classroom, Arbor has a parent app which will enable you to keep track of your child's behaviour, view attendance, track scheduled detentions and access weekly reward points. The Arbor application is also used for reporting your child's absence to school. If you have more than one child, you can access Arbor information about your children from a single, centralised parent account.

All detentions and important school notices are communicated via email and the Arbor parent app, therefore it is vital that all parents/guardians download and utilise Arbor. Below is a quick and easy guide on how to set up your account.
