

Seven days to go...

Speakers and videos

Alex Green, Programme Manager, Ashden Climate Solutions in Action, is our keynote speaker and she has recorded a video for the Trust-wide community focusing on our main objectives, in particular how a carbon footprint is measured and ways to reduce it. Questions about the video will be released on Friday as one of the 'how low can we go?' challenges. [Click here](#) to watch the video.

[Click here](#) to watch a message of support from Sean Gunn, actor from Gilmore Girls and Guardians of the Galaxy.

How low can we go?

We hope members of our Trust-wide community have considered which challenges they will be taking part in during the week ([click here](#)). There will be information sent about the daily Google form that can be completed each day to contribute to the ongoing statistics. The codes will be issued by the end of the week.
