

From grass roots, to reaching for the sky

At Ruislip High School we believe that success is achieved through hard work. We pride ourselves on having high expectations; this ensures that all students excel both at school and beyond.

Ruislip High School

Respect
Unity
Integrity
Self-discipline
Learning
Inspiration
Persistence

At Ruislip High School we have a strong ethos based on our core values; we believe that high aspirations are realised through high expectations. We have established a culture where there is no ceiling to the ambitions we have for the young people in our care. We are a school both in, and for, the local community and we are proud of our excellent reputation. We believe passionately that education opens doors and that learning is a life-long journey where together we can achieve great things as a community.
